

Ref. No.: 975

Date: 02.11.2021

Call for Participants for
**Training of Trainers (TOT) Workshop on
Operational Research on Climate and Health in Nepal**

Nepal Health Research Council with support of World Health Organization (WHO) Country Office for Nepal is organizing the **training of trainers (TOT) Workshop on Operational Research on Climate and Health in Nepal, 09-14 November 2021**. The aim of this workshop is to enhance country capacity on operational research on climate sensitive health issues in Nepal. Interested participants for the workshop are requested to submit their brief CV and one-page application highlighting motivation for participation and future availability for research and training workshops. The deadline for submission is on 07 November and we will inform to selected participants by 08 November 2021.

The eligibility for participants

1. At least Master Degree in Environmental Sciences, Epidemiology, Public Health or Statistics
2. At least three years professional experience either teaching, health service or research
3. High priority will be given to faculty members or researchers who are experienced on climate change and health research

Both CV and application should be sent to training.nhrc@gmail.com with cc to meghdhimal@nhrc.gov.np within the deadline of 7 November.

Thank you.

Sincerely,

.....
Dr. Pradip Gyanwali
Executive Chief
(Member-Secretary)
